

WHY TRAIN WITH US

01

Low entry requirements

Different levels of qualifications are considered from Primary level to Secondary school and above

02

Work placement for Industrial Attachment

Working with industry, a dual training approach is used to ensure trainees get work based training and mentorship. The Institute works as a linkage between Industry and Quality Trained Welders

03

Internationally Recognised Certificates

The Coded Welder Certificates to ISO 9606 and ASME IX through International Institute of Welding (IIW) Curriculum

04

Individual Welding Booths

Training facilities include practical welding school modern and fully equipped with state of the art training equipment

ABOUT US

We are a Technical Vocational Educational Institute (TVET) dedicated to promoting excellence in skills training by bringing international standard best practice training that uses a Competency Based Education and Training (CBET) program to give our trainees the right skills demanded by Industry.

An Approved Training Body (ATB) of the International Institute of Welding (IIW) through the South African Institute of Welding (SAIW) and Nationally accredited training Institution registered by TVETA and NITA.

Courses and Fee Structure

No	Course	Welding Process	Certificate	Duration	Requirements	Fee	Ksh.
1	International Diploma in Manual Metal Arc (MMA/SMAW) Welding	Manual Metal Arc (MMA/SMAW) Welding	ISO 9606 Coded Welder Certificate	3 months	A good understanding of English, Math, be physically fit and have a good educational background to high school level and a passion to learn welding.	1 st Installment	59,800
						2 nd Installment	58,160
						3 rd Installment	54,189
2	International Diploma in Metal Inert Gas (MMA/GMAW) Welding	Metal Inert Gas (MMA/GMAW) Welding	ISO 9606 Coded Welder Certificate	3 months	A good understanding of English, Math, be physically fit and have a good educational background to high school level and a passion to learn welding.	1st Installment	73,200
						2nd Installment	69,640
						3rd Installment	65,800
3	International Diploma in Tungsten Inert Gas (TIG/GTAW) Welding	Tungsten Inert Gas (TIG/GTAW) Welding	ISO 9606 Coded Welder Certificate	3 months	A good understanding of English, Math, be physically fit and have a good educational background to high school level and a passion to learn welding.	1st Installment	82,920
						2nd Installment	88,200
						3rd Installment	84,080
4	Recognition of Prior Learning (RPL)	MMA/SMAW	ISO 9606 WQTR Cert	5 days	Welding Experience (2-5 yrs)	One Installment	20,600
		MIG/GMAW	ISO 9606 WQTR Cert			25,600	
		TIG/GTAW	ISO 9606 WQTR Cert			30,600	
5	Canadian Welding Bureau (CWB) Test License	MMA/SMAW	CWB 1 yr Practicing License	2 days testing and one free retest	Welding Experience (2-5 yrs)	One Installment	130,000
		MIG/GMAW					
		TIG/GTAW
